

ON-LINE WORKSHEET TO ORDER ART SUPPLIES FOR K-12

Spears Art Studio is an affiliate of Dick Blick Art Materials, a supplier of quality items at reasonable prices and exceptional service (I have purchased from them for years). These worksheets pages are formatted to correspond with the Diane Spears/ Spears Art Studio Wish List on their web site to **expedite and simplify the supplies ordering process**. The items on the supply lists are per student for K-12. Many items can be shared by students, but some cannot, which will be obvious. Items not on this worksheet are either not offered by the art supplier in small or individual units, or can be found in your home or local discount stores for less. Some items on this list can be found locally also, but are listed here for your shopping convenience. You have the option to change brands or substitute products listed here, but I don't recommend it, because these produce the best results and are easier to use.

How to order: Highlight the items on this worksheet you wish to order. Return to Spears Art Studio home page: <http://www.spearsartsudio.com>. Click on the Diane Spears/Spears Art Studio Wish List link near the bottom of the home page. There may be a change in prices since the date of this publication (Nov. 2008). Spears Art Studio appreciates your using this method to order on-line from the art supplier. It helps us keep our prices stable.
